Georgia state debt, \$ 6,934,000
National debt.....1,028,000,000
World's debt.....42,000,000,000

Washington, D. C., Sept. 21.—The United States department of commerce and labor has just completed a report giving the indebtedness of the different states of the Union, the nation and the world. The data contained in the compilation relates to the year 1912. The state debt of Georgia is shown to be \$6,934,000 that year, compared with \$9,918,000 thirty years previous, which is a decrease of \$2,984,000. The per capita state debt of this state in 1912 was \$2.57 and \$6.43 in 1880. At the present time about 2.8 per cent of the population of the United States is in Georgia and 2 per cent of the total debt is credited to this state.

The national debt of the United States is \$1,028,000,000 and the indebtedness of all countries of the world is \$42,000,000,000. European countries owe about two-thirds of the world debt and their proportion is rapidly increasing as the present war, according to experts, is costing on an average of \$50,000,000 per day.

Mr. Farmer, Do You**Carry a Check Book?**

The number of farmers who do is steadily increasing. We never knew one to give up the practice after he had demonstrated its convenience. Now, for instance, Mr. A. and Mr. B. neighboring farmers, have a deal, and in settling up, cannot make change. They must necessarily wait until one makes a trip to town, or they may find a neighbor who can help them out, all of which takes time. With a check book one can write the exact amount—not a cent more or less—and the deal is closed.

Of course we supply our customers with check books.

Bank of Statesboro**WHITE BOYS IN COURT
FOR MOLESTING NEGROES**STRETCHED WIRES ACROSS PATH AND
PELTED THEM WITH ROCKS

A mistaken idea of humor brought two Statesboro youths to sorrow in mayor's court Tuesday morning, when fines of \$5 each were assessed for disorderly conduct in stretching wires across the path and rocking negroes on their way from church Sunday evening. The offenders were John Olliff and Mart Perkins. In addition to assessing the fines, Mayor Crouch gave some wholesome advice to the boys with regard to attending to their own affairs and leaving the negroes alone. Among the white people of the city there has been heard quite a little comment of disapproval of the boys' idea of fun, and there is a sentiment to carry the matter further in the courts to teach the young men a lesson.

Frank Johnson and Jesse Scarborough are said to have been in the crowd, and cases were entered against them, also, but they have not yet come up for trial.

For the purpose of tripping the negroes as they passed, wires were stretched across the path leading from the negro church. The young men secreted themselves in the woods and threw rocks at the negroes, which caused a stampede. When the negroes ran, they tripped in the wires, and there was where the fun began for the white boys. The boys admitted their conduct in mayor's court, and laughed at the recollection of the humor of the situation.

**Uncle Sam Tears
Up a Railroad**

Fort Smith, Ark., Sept. 19.—It is reported that the tracks of the Arkansas Southern Railway Company are to be taken up and sold for scrap iron. The federal court ordered the receivers to discontinue running trains on the road last June as there was no way of taking care of the deficit resulting from its operation. This solution of the railway deficit problem is a new one and authoritatively demonstrates Uncle Sam's method of dealing with business problems as relates to railroads.

**CITY DELIVERY JOB
NO GENUINE "SNAP"**CARRIER THINKS NEGROES BETTER
CALL FOR THEIR MAIL

Those who look upon the city mail carrier's job as a "snap," would see differently if they were called upon to make round of the city with a pack of mail just one time. At least that is what one of the substitute carriers, Mr. J. H. Alderman, decided after one day's trial.

Mr. Alderman was one of those who stood the examination for the position, but was not high enough in the list to secure the first appointment. He was, however, placed on the eligible list, and when the regular carrier became ill after a few days, the postmaster thought of Mr. Alderman as a substitute. "Jim H." took his pack of mail and rode his round smilingly. The next trip he went aloft. Late at night he returned with much of the mail undelivered, and stated to the postmaster that he could not complete the round for lack of time; he would start earlier next day.

But next day "Jim H." was not to be seen, nor the next. On the third day his brother-in-law called upon him on a matter of business and found him still in bed from fatigue of two days before. The thing that was uppermost in his mind was his failure to deliver the mail on his route. "You know, I couldn't find all them niggers," he said. "I don't think I can stand that job, anyway; I think the blamed niggers had better go to the postoffice for their mail."

"Jim H.'s" friends are sorry he could not stand the walking, for he was a jolly good carrier; but there are a good many who feel amused at his statement that the "blamed niggers" had better call at the postoffice for their mail.

**DON'T TAKE
WRONG MEDICINE**

If your liver gets lazy you need a liver tonic, not merely a laxative for the bowels. Many people take a simple laxative when the liver gets sluggish rather than take calomel, which they know to be dangerous. But a mere laxative will not start a sluggish liver. What is needed is a tonic that will live on the liver without forcing you to stay at home and lose a day from your work.

You have such a tonic in Dodson's Liver Tonic. It is all that is claimed for it, because the druggists who sell it agree to hand back the money with a smile, to any person not satisfied with the relief Dodson's gives.

Dodson's Liver Tonic is a vegetable liquid with a very pleasant taste and is a prompt and reliable remedy for constipation, biliousness, sour stomach and torpid liver. W. H. LEE, Co. and Lively's Drug Store give it their personal guarantee. Large bottle of Dodson's Liver Tonic is only 50 cents. For children or grown-up people it is the ideal medicine. Try it on the guarantee.—Adv.

"QUEEN OF NEEDLE"

Isabel Belausaran Makes Smallest Dolls in the World.

Clever Little Mexican Indian Maiden is Quaintest Figure in Mexico's Quaintest Town—Diminutive Dolls are Remarkable.

Washington.—This is the story of Isabel Belausaran, maker of the smallest dolls in the world, who is the quaintest figure in Mexico's quaint town, Cuernavaca, as told by Russell Hastings Millward in a communication to the National Geographic society at Washington.

"This little girl is called 'Queen of the Needle,' writes Millward. 'The native of the village will tell you that no cleverer Mexican Indian maiden has ever been known. The diminutive dolls she makes, both in point of construction and design, are the most remarkable in the world.'

"The operation of making consists in forming a tiny framework of wire barely three-fourths of an inch in length and winding the same with many turns of silk thread. After the frame has been properly formed it is ready for dressing. The clothing is cut according to the character of the doll and fitted carefully about the small figure. The most difficult work, that of embroidering, is then begun. With a needle that can scarcely be held in the fingers and the finest of silk threads, various designs are actually embroidered on the clothing, and so cleverly is the work executed that even through a powerful magnifying glass the details of the design appear to be perfect. After dressing the figure it is necessary to add the hair, and what is undoubtedly the finest of the finest and most marvelous hair-dressing known is then performed on each doll. Even to the details of the braids and ribbons, the work is completely carried out. The eyes, nose, mouth, hands and feet are then formed and the doll is ready to be placed on sale in the village shop.
